## Semiconductive Polymer Blends: Correlating Structure with Transport Properties at the Nanoscale\*\*

By Cristian Ionescu-Zanetti, Adam Mechler,  
Sue A. Carter, and Ratnesh Lal\*

*Advanced Materials* **2004**, *16*, 385.

The following errors appeared in the above article.  
Figures 1 and 2 have been printed in the wrong order.  
The figures with their correct numbers are printed below:

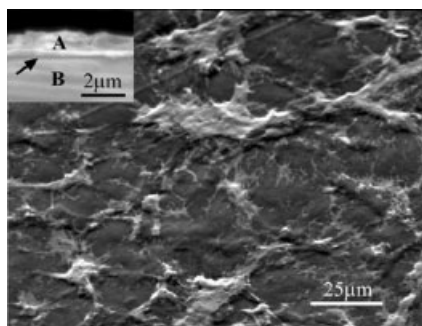

Figure 1.

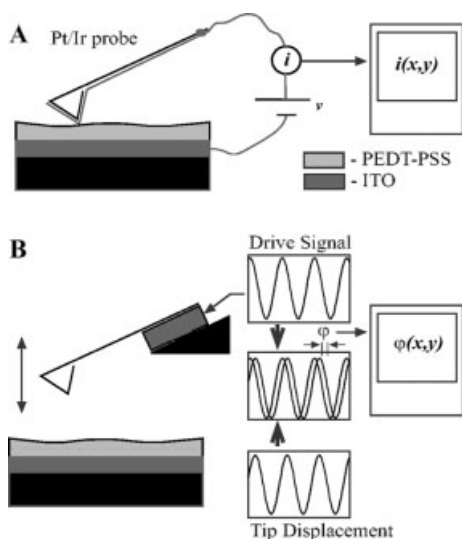

Figure 2.

On page 386, there are two incorrect references to Figure 2. The corrected sentence, beginning on page 385 reads: “The PEDOT–PSS blend has an average thickness of 1 μm (marked A on the SEM image of the cross-section, Fig. 1 inset), while the bottom ITO electrode (arrow, Fig. 1 inset) is 200 nm thick.”

On page 387, in the last sentence of the second paragraph, the reference to Figure 4E is incorrect. The reference should be to Figure 4D.

On page 388, the sentence below Equation 2 refers incorrectly to Figure 4B. The reference should be to Figure 5B.

In reference [12a], the citation of *Phys. Rev. Lett.* is incorrect. The correct journal citation is *Appl. Phys. Lett.* **2003**, *82*, 3740.

The authors apologise for any confusion that may have arisen due to these errors.
